SECURE TRANSPORTATION TO FIT YOUR REQUIREMENTS

COMPLETE SOLUTIONS FOR YOUR SPECIFIC INDUSTRY NEEDS

Today, international shipping is more efficient than ever before. However, some industries' goods are highly vulnerable to damage, theft and loss. That's why DHL HIGHVALUE is especially designed for the needs of key industries such as Life Sciences & Healthcare, Consumer Retail & Fashion, Engineering & Manufacturing and Technology & Aerospace. Of course we are glad to also serve the specific requirements of other industries. Because you know best about the value of your goods.

Depending on your specific logistics requirements, we can offer you both: highly tailored solutions and a standard secure high value concept. Irrespective of the size of your shipment – from groupage shipments to direct loads – with DHL HIGHVALUE your business benefits from the highest standards of security and dedication.

THE NEW HIGH VALUE CONCEPT FOR GROUPAGE SHIPMENTS

Building on the lasting success of our tailor-made secure transportation solutions and the increasing demand for secure groupage shipments, DHL HIGHVALUE is our new service under optimised security conditions.

It addresses the requirements of both large and small customers for consolidated secure and economic transportation.

You can rely on:

Security

Your precious goods are extra secure during every moment of the logistic process, from pick-up to delivery.

Terminal security is provided by a handful of measures including security cages, access control and cameras.

Line-haul security is guaranteed by:

- Box trailer or anti-slash curtain
- Line haul trucks locked
- 24/7 driver contact via mobile phone
- Selected and trained carriers
- Fixed parking instructions, overnight in secured parking areas

Visibility

Your transport is monitored from pick-up to the final destination.

- Signed ePOD (Electronic Proof of Delivery on Web) on next working day
- Active Track & Trace
- Original CMR delivered
- IOD (Information on Delivery) on same day

Flexibility

With DHL HIGHVALUE you only pay for what you use – in loadspace and especially in security features. Our optional security features give you the choice to book upon request:

- 2 drivers,
- Vehicle equipped with GPS system,
- ADR (dangerous goods excl. classes 1, 6.2, 7),
- Insurance

Additionally, we are glad to offer you customized solutions to fit your specific security requirements.

Proactivity

Your precious goods are worth every effort.

- Pre-advise booking
- Proactive reporting
- Exception management at delivery
- Professional incident reporting & case management (RUBI)

Dedication

Responsibility is our overall mindset. We care for your highly valuable goods, because we have only done our job once your product is delivered in a safe and secure way.

- DHL Freight trained and certified staff
- High Value Operating Procedures
- Dedicated Customer Service along the entire process
- Long lasting special transportation security know-how
