

# A SECURE PAYMENT METHOD FOR YOU AND YOUR CUSTOMERS

You take no risks with international cash on delivery: your customers only receive the goods they have ordered after the amount has been paid.

## THE BENEFITS FOR YOU

- Payments are processed quickly in various European countries and increase your liquidity
- You offer your customers a secure, international method of payment and can dispatch shipments to new customers abroad without any worries
- The transfer to your bank account normally takes place within 10 working days
- You save the costs of a credit check of the orderer
- We assume liability for the cash on delivery amount after delivery
- International cash on delivery can be used for many European countries
