

# PROFESSIONAL SHIPPING WITH THE EASYLOG SHIPPING SOFTWARE

As a sender with a high volume of parcels to ship, the Easylog software gives you all the tools you need to handle your shipping professionally with DHL Paket.

## THE BENEFITS FOR YOU

- Save money thanks to rapid shipment capture, billing and booking
- Choose between manual and automated shipment capture
- You have the option of a direct online connection to merchandise management systems and polling
- The integrated fee determining function offers you a high level of cost transparency
- You can import and export shipping and address data
- Customised reports and the connection to shipment tracking give you a breakdown of your shipments at all times
- Use the user management and client capability to authorise employees
- We install the solution at your premises

## VARIATIONS OF THE EASYLOG SHIPPING SOFTWARE

### Variant L

- Printout of drop off receipts for documentation purposes
- Printing of OCR<sup>1)</sup> enabled labels
- Extensive address management
- EDI<sup>2)</sup> for data sent prior to the arrival of the shipment
- Flexible process assistance: varied connection options to merchandise management systems, semi or fully automatic shipping management, order data transfer via handheld scanners, weight determination via electronic scales, interface based data transfer, integrated route coding and so much more.

### Variant XL (like variant L, plus)

- Network capability

## REQUIREMENTS

- Windows 2000, NT, XP Professional
- Laser printer 600 dpi
- Valid DHL customer number (EKP)

## FURTHER INFORMATION

If you have any questions about the software, our Easylog Hotline staff will be happy to help on 0228 28609889.
