

EU CARRIER CERTIFICATE

PROOF OF DOCUMENTATION FOR INTRA-EU SHIPMENTS

WHAT EXACTLY IS THE EU CARRIER CERTIFICATE

Since October 2013, §17a UStDV regulates the legal requirements for proof of receipt, which must be used to document the "shipment of goods" to other EU countries. This proof is an essential prerequisite for the seller of goods to other EU countries (supplying entrepreneur) to be allowed to issue his invoice to the recipient without VAT.

WHICH PROOF OF DOCUMENTATION OFFERS DHL EXPRESS

EU carrier certificate as automated monthly report

For our contract customers, we offer an automated report (monthly or quarterly) in accordance with § 17a para. 3 no. 1b UStDV. The voucher proof consists of a cover letter and an attachment with the individual shipment data. We offer alternative solutions for our customers with EDI/FCI connections. Please contact your DHL EXPRESS eSolutions contact person.

Track & Trace protocol

Customers without an international DHL EXPRESS customer number can use our T&T protocol. Please note that the shipment data is available in the system for 90 days from the date of shipment and you will need further documentary evidence in addition to the T&T log (including a copy of the waybill/label and your commercial invoice with reference to the shipment).

WHERE CAN I REGISTER AS A CUSTOMER

- Our contract customers can register free of charge via their respective sales contact and be activated for the creation of an automated monthly or quarterly report.
- Cash payers and other senders can access our T&T protocols at <https://www.dhl.de/de/geschaeftskunden/express/verfolgen.html>.

HOW DO I GET MY PROOF OF DELIVERY

The data for contract customers is provided retroactively for the registration month from the 15th of the following month. The data is provided automatically by e-mail every 4 calendar weeks for monthly reports and within 5 working days for quarterly reports. When registering for the report, you can enter up to ten e-mail addresses.
