- Lower process costs – because we handle every facet of the warehousing logistics
- High degree of flexibility – because you only pay for what you actually store in our warehouse
- Daily reports on your warehoused inventory – allowing you to keep track of everything
- Increased revenue – thanks to warehousing logistics perfectly tailored to meet your requirements

## OUR SERVICES

### Inbound goods:

- Benefit from flexible delivery Monday to Friday.
- We'll unload your containers, swap bodies and groupage.
- Before warehousing, we record key information about your merchandise and conduct a forwarding review at inbound goods.

### Warehousing:

- Our professionally trained staff will properly store your goods.
- Our services include an annual inventory on a date of your choosing.

### Order picking:

- Our modern warehouse management system allows us to put together and process multicolli orders, so that an item can consist of a number of parcels.

### Outbound goods:

- The centrally-located facility ensures that goods are fed as quickly as possible into the DHL 2-Man-Handling network.
- Orders received before 1:00 pm will be shipped that same day.

### Returns:

- We make sure your goods are ready to go and return them safely and securely to our centrally-located HUB.
- A-value goods can be returned to the warehouse if you choose.

## ADDITIONAL SERVICES

**Quality check at inbound goods:** We offer you a comprehensive check of your goods when they are received at inbound goods.

**Perpetual inventory system:** Maintain an overview of your inventory at all times and check it anytime online.

**Warehoused goods check:** Have us check any of your merchandise stored in our warehouse.

**Invoice printing and enclosed documents:** We print invoices and order confirmations for you and include them with each of your shipped orders.

**Return of goods to retailer or wholesaler:** When you use our services, your goods can be returned to the destination of your choice.

## BILLING

You pay based on merchandise you actually store and the services you actually use. That allows us to offer you transparency at every process step.
