

THE RELIABLE LOGISTICS SOLUTION FOR BULKY AND HEAVY GOODS

DHL 2-Man-Handling is the reliable logistics solution for bulky, heavy and fragile goods. We offer you individual logistics solutions from warehousing, through shipping to installation, assembly or mounting at the point of delivery.

YOUR BENEFITS

- Extensive customer coverage: Shipping within Germany, Austria, Luxembourg and Switzerland
- Speed: Delivery anywhere in Germany within one day – thanks to our centrally located DHL warehouse
- Meet customers' wishes: A delivery solution perfectly tailored to your customers' requirements
- Transparency: Delivery date and time arranged with your customers including notification of delivery by DHL
- Flexible individual services: Professional installation, assembly or mounting, plus disposal of packaging materials and old furniture also available
- All-in-one: All of your logistics needs from a single source – courtesy of DHL

AN OVERVIEW OF THE DHL 2-MAN-HANDLING SOLUTION

DHL 2-Man-Handling offers you a comprehensive range of logistics services from a single source for heavy, bulky and fragile goods. We offer individual solutions for the warehousing and shipping as well as assembly, installation or mounting of furniture, consumer electronics, household appliances and recreation equipment.

WAREHOUSING

With DHL 2-Man-Handling, you can warehouse large and bulky goods safely and securely. DHL also offers flexible warehousing capacities to accommodate your changing order volumes and sales. Our centrally-located warehouse and direct link to cross-docking operations make it possible for you to offer customers deliveries within one day anywhere in Germany. We handle the inbound goods, warehousing, picking and outbound goods processes for you. That lowers your process costs and makes you more flexible because you only pay for what you actually store in our warehouse.

SHIPPING

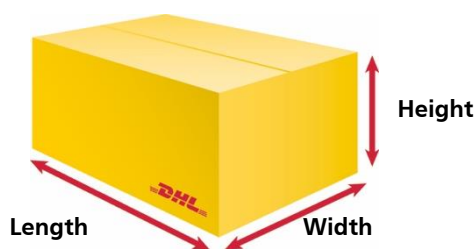

With DHL 2-Man-Handling, your goods are shipped and delivered quickly and reliably by our two-person delivery teams anywhere in Germany as well as to Austria, Luxembourg and Switzerland. We notify your customers and deliver the goods right to the spot designated by the customer. We also offer a variety of different services including the disposal of old furniture and packaging. Our integrated solution for picking up and transporting your returned goods allows you to comply with statutory deadlines for returned merchandise.

ASSEMBLY, INSTALLATION AND MOUNTING

DHL 2-Man-Handling not only warehouses and delivers your goods, we also offer assembly, installation or mounting of furniture, consumer electronics, household appliances and recreational equipment. Our trained and experienced teams handle everything so that purchased goods are ready to use before they leave. They also thoroughly document every aspect of the order process. Attractive additional services include de-installation of old devices and their handover to a professional disposal company.

WEIGHTS AND SIZES PER PACKAGE

Available for up to 100 packages per order

Maximum sizes	Length: 400 cm Width: 230 cm Height: 200 cm
Maximum volumes	4 cubic meters
Maximum weight	120 kg (up to 180 kg within the service for heavy items)

BILLING

DHL 2-Man-Handling is intended for customers with dispatch volumes of 200 shipments or more per year. Billing is production-based, i.e. on the basis of items actually delivered. That means there is no need for time-consuming cancellations due to undelivered items.
