

CASH ON DELIVERY: SAFETY AND DISCRETION ON PAYMENT

With the Cash on Delivery service you ensure that delivery only takes place after payment of the specified amount.

YOUR BENEFITS

- **Security**
 - No risk of payment default, since the goods are not handed over until payment is made
 - No check on creditworthiness is required (particularly useful when sending to someone who placed his first order)
- **Increased liquidity**
Completing the payment quickly increases liquidity, because normally the money is transferred to you within 1-2 working days of the item being delivered
- **Discretion for your recipients**
By paying in cash, the purchase will not show up on the bank account statement
- **Attractive charge**
EUR 7.49 plus VAT in addition to the price of a parcel (collection charge is included)

SIMPLE COMMISSIONING FOR YOU

- The service can be ordered directly via the DHL shipping logistics systems (by using the Ship function in the Post & DHL Business Customer Portal). Of course the service is also available to you if you program your shipping logistics system autonomously
- You inform us of the amount to be paid (up to EUR 3,500)

RELIABLE PERFORMANCE BY DHL

- DHL receives the sum from the recipient and then hands over the goods to the recipient
- Acceptance of liability for the money once the cash on delivery amount has been collected from the recipient
- Normally, the amount is transferred to your account within 1-2 working days after the delivery of the goods
