

# GOGREEN PLUS: YOUR CONTRIBUTION FOR CLIMATE PROTECTION

With **GoGreen Plus\***, we offer a **sustainable shipping option** in which **CO2e emissions in domestic parcel transport are reduced** through measures such as the use of electric vehicles in transport or heat pumps in buildings. Position your company clearly in the market by choosing **to reduce your transport-related CO2e emissions by approximately 95 %** and benefit from a comprehensive sustainability solution.

## SERVICE OVERVIEW

- **Optional service** for all domestic parcel shipping products: DHL Paket, DHL Retoure and DHL Kleinpaket.
- **Price:** Attractive customer-specific pricing. Please contact your sales representative for details.
- **Marketing support:** Attractive communication materials for your online shop are available in the Business Customer Portal after login under “Help and Information”: [dhl.de/gogreenplus-kommunikation](https://dhl.de/gogreenplus-kommunikation) and through references included in shipment information.

## YOUR BENEFITS

- **Actual CO2e reduction:** Transport-related emissions from your shipments are proportionally accounted for and directly reduced within our own logistics network in Germany – depending on the measures implemented – by approximately 95%.
- **Reliable verification:** You receive an annual certificate, independently audited, confirming your reduced CO2e emissions.
- **Visible commitment:** References in shipment information make your climate protection efforts transparent and understandable to customers and the general public.

## SIMPLE COMMISSIONING FOR YOU

The service can be used only after activation by DHL and subject to the availability of insetting volumes. The billing account numbers activated for the service will subsequently be included in your contractual and pricing documents.

BOOKING PROCESS	DESCRIPTION
Customer Portal	<ul style="list-style-type: none"> <li>• Simplest way to activate the service.</li> <li>• Automatic printing of the GoGreen Plus claim on the shipping label.</li> </ul>
API	<ul style="list-style-type: none"> <li>• Interface adjustments. Documentation is available in the DHL Group API Developer Portal.</li> <li>• Automatic printing of the GoGreen Plus claim on the shipping label.</li> </ul>
In-house software integration	<ul style="list-style-type: none"> <li>• PAN data required. Documentation is available in the DHL Group API Developer Portal.</li> <li>• Once programming has been completed, the GoGreen Plus claim can be printed on the shipping label.</li> </ul>

### Flexible booking:

When your contract is activated, “Recurring booking” for all shipments of a given billing number is activated at first. You can then change it to “Booking for the single item” in the Post & DHL Business Customer Portal in the section “Booking Standards”.

The following notice applies to all mentions of “GoGreen Plus”:

\*GoGreen Plus is a value-added service to a Deutsche Post and DHL shipment contributing to decarbonization measures within Deutsche Post and DHL’s logistics network. By using alternative fuels and technologies, Deutsche Post and DHL reduces the usage of fossil fuels in the mode of transport and in buildings used for the GoGreen Plus shipment. This does not necessarily mean that the specific shipment is physically transported with vehicles or handled via facilities using these fuels or technologies. Further information, e.g. on concrete decarbonization measures, is available at [www.GoGreenPlus.de](https://www.GoGreenPlus.de).
